Administração estratégica sem complicação. Este livro trata dos conceitos e das aplicações práticas da estratégia para o dia na dia na gestão das organizações, sejam elas públicas ou privadas, além de comentar casos de empresas brasileiras e seus desafios. Com questões interessantes para pensar sobre os desafios que aparecem a todo momento, o livro Administração Estratégica é coordenado pelos professores Márcio Moutinho Abdalla, Marco Antonio Conejero e Murilo Alvarenga Oliveira e escrito por uma equipe de professores de instituições de referêncian no país. Sem deixar de lado uma visão estratégica mais ampla, o livro consegue acompanhar os novos modelos de negócios que surgiram com as novas tecnologias. Recursos didáticos como avaliação de conhecimento, questões para reflexão e para debatt e vídeos gravados pelos autores complementam a experiência de aprendizado. View Source Comments Share File:Villagers and Heroes - Gnogmenting Object 335px Combine two items into a single item. During this process, select the exact specifications for the new item that will be produced. This includes what exploits & spells the object has, its abilities, statistics and its cosmetic appearance. Extra Sockets can be added to further strengthen the equipment. Guide in Step Gnogmentation Step 1 Of the 3 above, put 2 in gnogmentation slots. 1) message means that it mace (right) and the older mace have 1 ability in common: Shadow bolt, so choose rank 4, always better to choose the highest rank. 2) message: the big yellow arrow, whether you choose left or right yellow, it will take the left or right object's base stats, so look at both and carefully select Gnogmentation Step 2 3) message for the older mace (right) you have at the bottom a passive boost, those on the top row are active and will appear on your combat bar 4) when you choose too many abilities, and go over the limit, it will cost Sockets. It is up to you to decide whether you are paying extra gold or withdrawals. 5) in the middle section you can choose the look of your mace FINALY: gnogment these 2 together Gnogmentation Step 3 1) now will combine the already made mace (premium crafted /elder) (left) with an extra dropped + + + mace (right) 2) if you don't want to use extra sockets you can also drop 1 of the top row abilities, it's up to you Gnogmentation Step 4 The last step of the gsureling process. Check your work. You can always go back if you want to make changes. Only when you meet confirm you can't go back where Gnogmentation workshops are located in Ardent City.They have a green spark and Rorki Gnome is stationed nearby to answer your questions. You can only merge two portable items of the same type of article, such as belt and belt. It is not a leveling skill and does not require any other skill, regardless of its level, to gnogment any object. Holiday theme exploits and spells cannot be added. Slots and withdrawals There are a limited number of slots available to add improvements. Hats, armor and weapons have two different sets of slots; one for exploits and another for abilities. The rest has only one set where feats, abilities and spells can be added. Abilities can also be found as proficiencies in the game. Once a certain amount of improvements have been made, sockets are needed to further improve the equipment. Gear Slots Feat Slots Ability Slots Armor 2 (1 socket) 5 (2 sockets) Belt 5 (3 sockets) Boots 5 (3 sockets) Gloves 5 (3 sockets) Hat 1 5 (3 sockets) Necklace 4 (2 sockets) Call 2 (1 socket) Weapon 7 (1 socket) Weapon 7 (4 sockets) 7 (4 Sockets) Rules and Clarifications Warrior –Swift Gear not Gnogment with Defender Gear Wizard - Brand Affinity not Gnogment with Ice Affinity Priest - Shadow Mastery not Gnogment with Healing Mastery Hunter – Not Enhanced Gnogment with Bow Mastery Crafted Gear: Boots, Belts, gloves, hats = Best Rings and Necklaces: just dropped versions are available, best are Pyrron rings (from level 70)
